The 35th Annual Hot Dog Caper

The Cal Poly Pomona Foundation will travel back to the 1980s and host the year's gnarliest bash at University Park with free food, live music and 80s themed entertainment!

Live music, balloon artists, celebrity impersonators and more will welcome the campus community to the Foundation's 35th Annual Hot Dog Caper. The event, which is a thank you to the campus community, is **Thursday, Oct. 4** at 11:30 a.m. Students, faculty and staff will enjoy free hot dogs, chips, popsicles, drinks and entertainment.

During the event, guests can get their photos taken at two photo booths, get an airbrush tattoo, sit inside a replica DeLorean, win prizes and more.

Every year, hundreds of volunteers from all throughout campus, including administrators, staff and athletes, pass out free food and drinks to all attendees. Last year, Hot Dog Caper volunteers served 14,460 hot dogs and veggie dogs, 8,200 bags of chips, 16,248 beverages and 7,776 popsicles.

The Hot Dog Caper is made possible through the Foundation's partnerships with Cal Poly Pomona, Pepsi Beverages Company, Associated Students Inc., Facilities Planning & Management, Hoffy, First Class Vending and Bronco Athletics.

The Hot Dog Caper is just one of the many ways the Foundation and campus partners give back to the university. Over the past 50 years, the Foundation has given millions of dollars to the university to fund numerous campus programs, scholarships and infrastructure projects.

Employee Profile

Allyson LeClair

Job title: Community Development Specialist at University Village

Length of employment: Seven months

No one would ever guess... that I grew up on a ranch with seven siblings and a lot of animals.

What are your biggest accomplishments? I have always wanted to travel the world, and I was able to make that a priority. I lived overseas for about five years, and I have visited 44 countries.

What's your biggest challenge? Unlearning my internalized and problematic ideas, particularly concerning race, class and gender. I am trying to find my blind spots and be a part of creating a more equitable world by helping to dismantle the systems of oppression that exist.

What's your favorite movie? "Beaches" and "Anchorman"

What's your favorite song? "I Can't Make You Love Me" by Bonnie Raitt. It almost always brings me to tears when I listen to it because it feels so honest.

What are your hobbies? Every year I pick a new hobby to study. In the past, I have studied cheese, chocolate, photography, cigars, jazz music and I am currently visiting museums in the area.

What's on your bucket list? To create a podcast about sex-positive education

If you could meet any public figure, living or departed, who would it be and why? I would like to meet Audre Lorde who was a black, lesbian, feminist poet. She was incredibly intelligent and was speaking and writing about the intersectionality of social issues before it was mainstream. She believed that by giving words to people's lived experiences, we could learn about each other and change things for the better. She says, "It is not difference that immobilizes us but silence," and even though that was written over 30 years ago, it seems just as pertinent today. If you haven't had the chance, read Sister Outsider – it is an incredible book!

What was your favorite childhood TV show? "Friends"

If you could travel anywhere in the world, where would you go and why? I would travel to Papua New Guinea because it is one of the least explored countries culturally. There are over 850 languages spoken, and the majority of its people live in fairly secluded communities

What was your first job? My first job ever was as a summer camp counselor

When you support the services that are owned and operated by the Cal Poly Pomona Foundation, you help students obtain on-campus jobs, and help fund scholarships, campus programs and educational grants. Foundation enterprises include Dining Services, the Bronco Bookstore, the University Village and Kellogg West Conference Center & Hotel.

As the largest employer of students on campus, the Foundation offers valuable work experience and hands-on training to approximately 1,500 Cal Poly Pomona students each year. The Foundation offers positions in various fields; whether it is in the area of technology, science, retail, culinary arts, hospitality management, leadership or research grants, these student employees participate in Cal Poly Pomona's learn-by-doing philosophy and acquire practical skills in their designated field of study.

The Foundation also contributes operating support to nearly 1,100 Foundation and scholarship programs every year, including Bronco Athletics and the Norman J. Priest Scholarship. In addition, the Foundation administers grants and contracts, contributes to campus security, and supports several university publications. The Foundation contributes over \$1 million annually to Cal Poly Pomona.

Because of your support, the Foundation is able to provide these beneficial services every year. Thank you for making your purchases on campus and contributing to the success of Cal Poly Pomona students and the university community.
